There is more Catarrh in this section
of the country than all other diseases
put together, and until the last few
years was supposed to be incurable.
For a great many years doctors pro-
moted it a local disease and pro-
moted it a local disease and by con-
stantly failing to cure with local treat-
ment, pronounced it incurable. Science
has proven Catarrh to be a constitu-
tional disease, and therefore requires
constitutional treatment. Hall's Catarrh
Cure, manufactured by F. J. Cheney &
Co., Toledo, Ohio, is the only Constitu-
tional cure on the market. It is taken
internally in doses from 10 drops to a
teaspoonful. It acts directly on the
blood and mucous surfaces of the sys-
tem. They offer one hundred dollars
for any case it fails to cure. Send for
circulars and testimonials.

NORWICH DEED NOT THE ORIGINAL

Dr. Dwight Tracy Finds That Document Preserved at Town
Hall is a Copy—Looked Up Records in Hartford—Will
Send Duplicate of Deed to Lord Mayor of Norwich, Eng-
land.

That the deed of the town site of
Norwich preserved at the town hall is
not the original document signed in
1683 by Uncas, but merely a copy, was
proved Monday by Dr. Dwight Tracy,
of Norwich, on a visit to the state
capitol.
He brought home a transcript from
the records of the Colony of Connecti-
cut, Vol. 2, p. 303-134-184, secured
through the courtesy of Assistant Sec-
retary of State R. J. Dwyer, who had
it reproduced by photostat process at
the state capitol.
It shows a copy of the deed of Nor-
wich, signed by Uncas and his two
sons, as it is signed "Transferred out
of ye original and examined and re-
corded the 20th day of August, 1683,"
by me, John Allyn, secretary." John
Allyn was elected secretary of the
Colony of Connecticut at the May ses-
sion in 1683.
The document in Dr. Tracy's pos-
session is certified by Hon. Albert
Phillips, secretary of state, under the
official seal, and dated June 15, 1914.
The copy made for the town of Nor-
wich was doubtless made at the same
date as the one duplicated at Hart-
ford, Aug. 20, 1683, and signed by Sec-
retary Allyn. Dr. Tracy believes that
the original deed may be among the
papers at Hartford and intends to
make further search for it.
It is his intention to send a dupli-
cate of the deed, as a pleasant cour-
tesy, to James Arthur Porter, Lord
Mayor of Norwich, England.

CLEANING UP DEBRIS

AT PINE GROVE.
Wreck of the Loomis Cottage Being
Taken Away.

The mass of debris which is the re-
mains of the cottage owned by Mrs.
Annie Loomis of Niantic, at Pine
Grove, and which was smashed when
the tower crashed down on it last win-
ter, is being removed. The heap of
kindling which was at first a source of
much curiosity quickly became an eyesore
to residents of the vicinity. Added
to that one of the walls which was
left standing was bending over the
street in a dangerous position.
When the weeks went by and still
the Loomis property remained un-
touched it that no agreement as to a set-
tlement of the damages had been
reached between the owner of the
wrecked building and the owner of the
tower, and until a satisfactory move
was made by one or the other parties
interested the debris would be likely
to remain all summer untouched.
The Burnham property was cleared
of the wreckage and when property
owners of the grove heard the rumor
that the unsightly heap of splintered
planks, timbers, etc., etc., was likely
to remain on the main thorough-
fare of the grove for some time, they
were about to rise in protest.
Tuesday a team of horses
and a couple of men came up from the
village, fastened stout ropes around
the part of the building left standing
and pulled it down with a crash,
commencing the work of clearance.

tended by L. G. Luce and Miss Eunice

merly resided at the Flanders school
